

## Native People and their Land

Name: \_\_\_\_\_

Essential Question: “Why is *where* important?”

### Purpose:

- You will create a GoogleDocs PowerPoint or a SmartNotebook presentation and use primary sources to teach the class about geography and a Native tribe from the Lower 48.
- Learn how to make a bibliography in APA citation format.

### Learning target:

- I can describe how geography affects Native ways of life.
- I can find and use primary sources to explain information.
- I can make a bibliography using APA citation.

### Resources:

- America: History of Our Nation textbook (pages 10-15)
- Computers
- Library of Congress website [www.loc.gov](http://www.loc.gov)

### Outline of Expectations:

Slide 1: Title page

- Identify the tribe
- Identify the region in the US

Slide 2: Location (use maps)

- Where are their traditional homelands?
- Where do they live today?

Geo Standard A1

Slide 3: Region

- Describe similar culture characteristics of tribes in this area.
- What type of environment does the region have?

Geo Standard B7

Slide 4: Place

- What specific place is important to this tribe? Why is it important?
- Examples might include a large rock, a mountain, sacred site, a battle location, or meeting place

Geo Standard B4

Slide 5: Human Environment Interaction (traditional culture)

(Pick one of the three topics below)

- How do they change (modify) their environment?
- How do they depend on their environment?
- How do they adapt their own behavior because of the environment they live in?

History Standard B1b

Slide 6: Movement (traditional culture)

(Pick one of the three topics below)

- Where do they migrate and why?
- Who do they trade with and what kinds of things do they trade?
- How do they pass on ideas and beliefs?

History Standard B1b

### Bibliography:

Needs to be in APA citation and should be submitted electronically through the class Dropbox which is accessible through the blog. Use the webpage [www.bibme.org](http://www.bibme.org) to create the bibliography.

**Use this to help guide your research.**
