

Native People and their Land

Name: _____

Essential Question: “Why is *where* important?”

Purpose:

- You will create a GoogleDocs PowerPoint or a SmartNotebook presentation and use primary sources to teach the class about geography and a Native tribe from the Lower 48.
- Learn how to make a bibliography in APA citation format.

Learning target:

- I can describe how geography affects Native ways of life.
- I can find and use primary sources to explain information.
- I can make a bibliography using APA citation.

Resources:

- America: History of Our Nation textbook (pages 10-15)
- Computers
- Library of Congress website www.loc.gov

Outline of Expectations:

Slide 1: Title page

- Identify the tribe
- Identify the region in the US

Slide 2: Location (use maps)

- Where are their traditional homelands?
- Where do they live today?

Geo Standard A1

Slide 3: Region

- Describe similar culture characteristics of tribes in this area.
- What type of environment does the region have?

Geo Standard B7

Slide 4: Place

- What specific place is important to this tribe? Why is it important?
- Examples might include a large rock, a mountain, sacred site, a battle location, or meeting place

Geo Standard B4

Slide 5: Human Environment Interaction (traditional culture)

(Pick one of the three topics below)

- How do they change (modify) their environment?
- How do they depend on their environment?
- How do they adapt their own behavior because of the environment they live in?

History Standard B1b

Slide 6: Movement (traditional culture)

(Pick one of the three topics below)

- Where do they migrate and why?
- Who do they trade with and what kinds of things do they trade?
- How do they pass on ideas and beliefs?

History Standard B1b

Bibliography:

Needs to be in APA citation and should be submitted electronically through the class Dropbox which is accessible through the blog. Use the webpage www.bibme.org to create the bibliography.

Use this to help guide your research.
